

# Ergotron® 400 Series

for horizontal surfaces

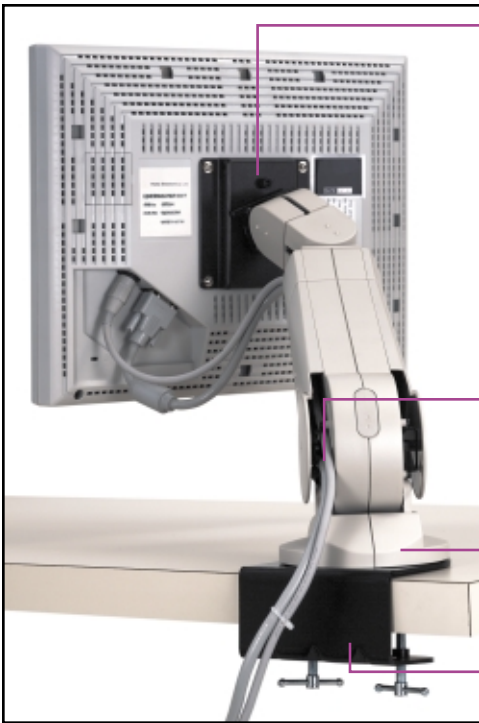

## Highlights

- Easily position the height and angle of the monitor for maximum comfort and productivity
- Patented friction system provides smooth adjustment while maintaining touch-screen stability
- Space-saving ability to move monitor out of the way when not in use
- Internal steel construction ensures long-lasting durability
- Sleek, durable, easy-to-clean plastic exterior
- Internal cable management conceals and routes cables
- Lift or suspend monitor from any horizontal surface
- Accommodates monitors up to 28 lbs (12.7 kg)
- Up to 12" (305 mm) of vertical adjustability
- VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment
- 5-year warranty

**A**ttach your flat panel monitor to a 400 Series Arm and free up space while adding a greater range of monitor adjustment. Lift, swing, tilt or turn your flat panel monitor, laptop, and/or keyboard for maximum efficiency and ergonomic comfort. Arms fold back out of the way when you need more access to your worksurface.

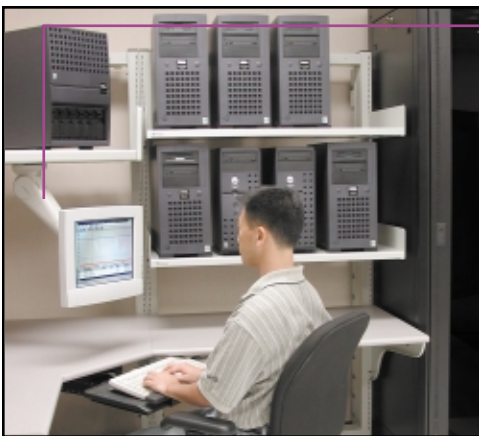

Monitor easily attaches to Arm with four screws.

Internal cable management system provides clean and organized installation.

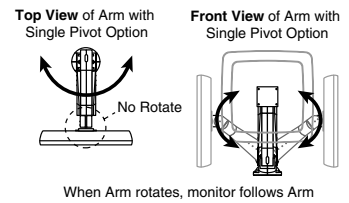

The 400 Series rotates up to 360° at the base.

Choose between clamping or direct bolting to surface.

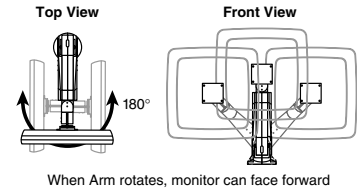

400 Series Monitor Arm mounted below Ergotron® LAN Organizer™ Shelf.

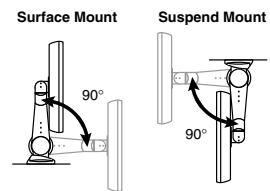

### Single Pivot Option

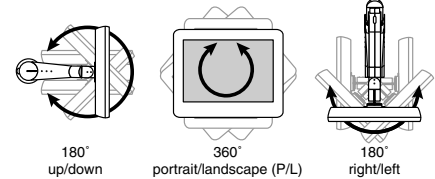

### Double Pivot with Portrait/Landscape Option

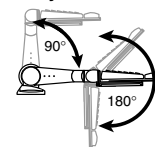

### Vertical Adjustment

### Monitor Tilt-Pivot Options

### Keyboard Arm
