

# Ergotron® 100 Series

for low profile systems

## Highlights

- *Patented Monitor Suspension Technology allows monitors to swing, tilt or rotate*
- *Slim profile saves space*
- *Provides smooth adjustment while maintaining touch-screen stability without the need for knobs or levers*
- *Up to 180° of up-down tilt and 180° of side-to-side tilt*
- *Internal steel construction for long-lasting durability and easy to clean plastic exterior*
- *Handles flat panel monitors up to 28 lbs (12.7 kg)*
- *Multiple keyboard tray options provide optimum ergonomic comfort*
- *Fold up keyboard against the wall when not in use*
- *Pivot technology tested for 50,000 cycles to ensure long-lasting performance*
- *VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment*
- *5-year warranty*

The 100 Series allows flat panel monitors, keyboards and laptops to be mounted with a minimum profile while providing side-to-side and up-down pivot movement. The patented friction system provides smooth adjustment while maintaining touch-screen stability.

Choose from Single Pivot, Single Pivot with Portrait/Landscape (P/L), Double Pivot, Double Pivot with P/L and Keyboard/Laptop Pivots to suit your application. Multiple surface attachment and accessory options are available.

Single Pivot shown mounted to Wall Track. Wall Track can provide a common interface for multiple Pivots.

All 100 Series can be mounted directly to surfaces with appropriate fasteners (Single Pivot shown).

### Single Pivot

Double Pivot with P/L shown mounted to Wall Plate. A custom monitor interface plate is utilized.

Command Post System (Keyboard/Laptop Pivot with Extender and Keyboard Tray shown).

### Single Pivot with P/L

Keyboard Pivot shown with Keyboard Tray—folds up flat when not in use.

100 Series shown mounted to 2" round pole.

### Double Pivot

### Double Pivot with P/L

## Range of Motion:
