

Ergotron® HD Series

for heavy flat panel monitor systems

Highlights

- Easily position your monitor and keyboard for maximum comfort and productivity
- Attach two monitors on one arm with Paraview Technology
- 15" height range easily meets the ergonomic height needs of 95% of the population and offers limited sit-to-stand capabilities
- Patented pivot system provides premium long-life monitor adjustment while maintaining touch-screen stability
- Weight capacity up to 45 lbs or more (depending on monitor thickness)
- Multiple interfaces allow the HD Series to mount to virtually any vertical or horizontal surface
- Rugged construction ensures long-lasting durability
- Integrated cable management system organizes and routes cables neatly
- VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment
- Available Adapter Plate Kit for 100 x 200 mm monitor interface hole pattern

Free up work space and add a greater range of movement to your flat panel monitor(s) with the HD Series! Select the HD45 Arm or HD Pivots for a heavier monitor; or the HD Dual for mounting two monitors on a single arm. The HD Combo accommodates both a flat panel monitor and a keyboard. The HD Laptop Arm offers full adjustability and a secure docking station for a laptop.

HD Series products attach to virtually any vertical or horizontal surface, and are constructed in the Ergotron tradition of high quality and reliability.

HD Laptop Arm with Document Holder/Writing Surface.

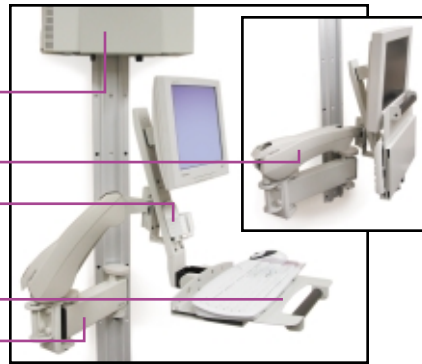

CPU Holder on Wall Track.

Arm and Keyboard Tray fold back for storage.

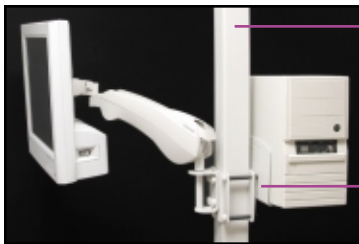

Mouse Pouch.

Keyboard Tray has a slide-out mouse tray and convenient handle.

Extender.
